### **Clarification of Thunder 4 Mini 2024 Points**

The points and championship were taken away from the entire Thunder 4 class by track ownership back in mid-August following several warnings concerning lack of respect in the class along with problems on the track, in the pits, and on social media. This decision was announced directly to the members of the class in their driver meeting on Saturday, August 24<sup>th</sup>.

**Note: following the 8/24 announcement, points were still tabulated for handicap /lineup purposes and if there was a possibility that the points penalty would be rescinded.**
